

FUTURE of AI 2026

24-25 May 2026

Tel Aviv

Main Event at **Hilton Tel Aviv**

Accelerate What's Next: Future of AI 2026

Enter the next era of innovation and intelligence at Future of AI 2026, Israel's premier AI and tech conference - the ultimate platform for global experts, tech leaders, startups, and investors driving the evolution of AI.

Join 1,000+ decision-makers, founders, researchers and innovators from Israel and around the world. Connect with the minds shaping tomorrow's intelligent systems, showcase your breakthroughs, and build relationships that open new doors for growth and collaboration.

Gain the visibility your brand deserves. Amplify awareness, showcase leadership, and engage directly with the community defining the future of AI across every industry: finance, healthcare, mobility, cybersecurity, retail, and beyond.

Future of AI isn't just an event. It's a business and technology hub designed for impact, partnerships, and progress. Secure your involvement today and position yourself and your brand where it belongs.

Since 2018, Future of AI has been Israel's premier conference focused on AI. Our events are renowned as the must-attend gatherings with the most influential figures in business and technology as well as the technical AI community, AI researchers, government and media, from Israel and abroad.

Audience Composition Designed for Strategic Decision-Making:

- **Enterprise Organizations (1,000+ employees):** Large-scale adopters implementing AI across operations, data, automation, security, and digital transformation
- **AI-Native Startups & Scaleups:** Builders of generative AI, LLM applications, AI agents, computer vision, and autonomous systems
- **Technology Companies (SaaS, Cloud, Cyber, Data):** Product-led companies embedding AI into platforms and influencing market adoption
- **Financial Institutions & Regulated Industries:** AI buyers in fraud detection, risk modeling, compliance automation, and personalization
- **Retailers, Consumer & Digital Platforms:** High-volume organizations deploying AI for personalization, logistics, pricing, and CX optimization
- **Investors, Research Labs & Ecosystem Leaders:** Capital allocators, AI researchers, accelerators, and innovation hubs shaping AI adoption

Audience Composition Designed for Strategic Decision-Making:

- **C-Level (CEO, CTO, CIO, CAIO, CDO, CISO):** Strategic decision-makers and AI budget owners
- **Founders / Co-Founders:** AI-native builders, product visionaries, and strategic buyers
- **VPs / Directors (Engineering, Data, Product, Innovation):** Owners of implementation, vendor evaluation, and deployment
- **Head of AI / ML / Data Science:** Technical leaders driving model selection, infrastructure, and integration
- **Managers & Technical Leads:** Hands-on evaluators, architects, and AI solution implementers

From Tel Aviv to the world, Future of AI unites leading tech companies, AI innovators, startups and investors shaping the future of intelligent technology. Trusted by global brands, Fortune 500 firms, and top AI pioneers driving the next wave of innovation.

Relive the captivating moments and vibrant atmosphere at Future of AI editions, from 2018 to today!
